

LACC/Cutler Bay Senior High School Interdisciplinary Teach-In: Tracking Climate Change Effects on Latin American and Caribbean Economies

April 7, 9, 13 & 15, 2021
1:30-2:30 pm | Online via Zoom

FIU faculty and external scholars, business owners and consultants will present an interdisciplinary virtual teach-in on climate change and its effects on tourism, agricultural and other economic drivers in the Latin American and Caribbean region.

Students from Cutler Bay Senior High School will participate in the virtual teach-in and apply what they have learned in their business classes about the consequences of climate change on Latin American and Caribbean economies.

By invitation only for students at Cutler Bay Senior High School. In cooperation with Miami-Dade County Public Schools.

Made possible with support from LACC's US Department of Education Title VI Grant.

For information, contact ldudley@fiu.edu or call 305-348-2856.
