## Meet the Author: Pierre Minn

Associate Professor, Department of Anthropology  
Department of Social Medicine and Preventive Health  
Université de Montréal

**FIU**

Kimberly Green  
Latin American and  
Caribbean Center

Medical anthropologist Pierre Minn studied aid in Haitian clinics and hospitals to understand the views of the health professionals who work there full-time. He will address the following topics:

**What** are some strategies for effective solidarity work in Haiti?

**What** are some common mistakes aid groups make?

**How** can we move beyond the models of saints, saviors and passive victims?
